

VALCOUR

The Valcour is our most popular log home. So much so, that we have 3 styles of the Valcour to choose from. The great room is well positioned in the middle of the home and is the center of all the activity. The master suite on one side of the home offers lots of privacy. The other two bedrooms on the opposite side of the great room are perfect for kids or guests. The loft area has endless possibilities, including a fourth bedroom, a computer area or quiet reading room. If you desire more square footage, check out the other two models of the Valcour Deluxe. Less square footage, see the Valcour Classic.
